

2017 Workshop « Electron Transfer, Radical Ions and Radical Chemistry ». March 23 and 24, 2017.

Université Lyon 1 Campus LyonTech – La Doua *Claudio Ciardi*

On behalf of the organizing committee, we cordially invite you to attend this workshop that will focus on electron-transfer reactions in organic synthesis, catalysis and polymerization processes, including theory as well as novel radical processes applied in natural products synthesis. We will discuss the latest advances, exchange ideas and future possible joint collaborations. This workshop will honor [Professor John A. Murphy](#) (University of Strathclyde, Glasgow, Scotland) who will be an invited Professor at the Université Claude Bernard Lyon 1 in March-April 2017.
